I. INTRODUCTION

The County of San Bernardino Department of Public Works is responsible for the maintenance of 2,825 miles of County road, over 3,000 flood channels, basins, storm drains, dams and levees, and supervises 16 yards that are separated by extensive distances. The Department often utilizes contractors to provide Road Materials for road and flood control facilities maintenance work.

A. Purpose. The County of San Bernardino Department of Public Works, hereafter referred to as the "County", is seeking proposals from interested and qualified firms to provide various Road Materials throughout the County. Vendors submitting proposals in response to this Request for Qualification (RFQ) will hereafter be referred to as "Proposers". This RFQ is being released to identify, pre-qualify, and create a Board-authorized list of vendors, hereafter referred to as "Contractors", who will bid to supply Road Materials to specific job sites as jobs are scheduled.

B. Process. The RFQ shall remain open and in effect from August 19, 2008 to May 26, 2011. Successful proposals shall be accepted, offered contracts according to the schedule noted in the Proposal Timeline (Section I, H) and placed on the Board approved list of Contractors. Once on the list, it is not necessary to submit quarterly proposals.

Contractors are not guaranteed to remain on the list in the event unsatisfactory work is performed on accepted job assignments.

C. Period of Contract. The term of the contract is contingent upon the contract commencement date, beginning upon Board of Supervisors' approval and ending on the date specified in the contract, unless terminated earlier as provided in Section III, E and Section VI, A8.

The County reserves the right to negotiate an extension of the contract for up to two (2) additional years, solely within its discretion. Any extensions are subject to Board of Supervisor approval.

D. Minimum Proposer Requirements. All Proposers must:

Have no outstanding or pending complaints filed against the company by the County, nor have been barred or found non-responsible by the County or any other federal, state, or local governmental agency for provision of the materials sought in this RFQ. If the Proposer, or any principal, partner, officer or responsible managing officer of the Proposer, or if any principal, partner, officer or responsible managing officer of another entity or organization that has been barred or found non-responsible as described herein, then this provision is applicable.

2. Have a valid business license in the Proposer's own name (or other proof of valid business).

Please note that a specific license may be required for a particular project. Contractors must maintain a valid applicable license during any time work is performed pursuant to a contract with the County.

V. PROPOSAL EVALUATION AND SELECTION

A. Evaluation Process. All proposals will be subject to a standard review process developed by the County. A primary consideration shall be the effectiveness of the agency or organization in the delivery of comparable or related services based on demonstrated performance as determined by reference checks and other information in the possession of or accessible to the County. The evaluation will be based on the written proposal as submitted, but may include a site visit to the Proposer.

B. Evaluation Criteria.

1. **Initial Review.** All proposals will be initially evaluated to determine if they meet the following minimum requirements:
 - a. The proposal must be complete, in the required format, and be in compliance with all the requirements of Section IV, B of this RFQ.
 - b. Prospective contractors must meet the requirements as stated in the Minimum Proposer Requirements as outlined in Section I, D of this RFQ.

Failure to meet all of these requirements may result in a rejected proposal. No proposal shall be rejected, however, if it contains a minor irregularity, defect or variation if the irregularity,

defect or variation is considered by the County to be immaterial or inconsequential. In such cases, the Proposer will be notified of the deficiency in the proposal and given an opportunity to correct the irregularity, defect or variation or the County may elect to waive the deficiency and accept the proposal.

2. **Technical Review.** Proposals meeting the above requirements will be evaluated on the basis of the following criteria:

- a. Ability to provide the materials noted in the Product Specification forms (ATTACHMENTS E1-E8) in a timely manner. This includes, but is not limited to, providing sufficient personnel, required licenses, and equipment.
- b. Materials and related services must meet requirements identified in Section III, A-C, and on the Product Specification forms (ATTACHMENTS E1-E8).
- c. Standard payment terms shall be a minimum of Net 30 days, upon receipt of invoice, however prompt payment cash discount terms will be accepted and evaluated. Proposer shall indicate any prompt payment cash discounts on the Product Specifications forms (ATTACHMENTS E1-E8). **No late penalties will be charged or paid on payments that exceed this 30-day minimum.**

3. Selection. Selection will be based on the proposals that best meet the requirements of this RFQ and the needs of the County.

C. **Contract Award.** Contract(s) will be awarded based on a competitive selection of proposals received. Award of contract may or may not be on an all or nothing basis. The County reserves the option to make award(s) as it deems to be in the best interest of the County. The Board of Supervisors makes the ultimate determination regarding the award of contract.

The contents of the proposal of the successful Proposer will become contractual obligations and failure to accept these obligations in a contractual agreement may result in cancellation of the award.

The award of a contract does not imply or guarantee work.

D. **Local Preference Policy.** The County has adopted a preference for Proposers whose principal place of business is located within the boundaries of San Bernardino County, California. A five percent (5%) preference may be applied prior to approval of any purchase or acquisition of services, equipment, goods or supplies.

For purposes of the application of the local preference policy (County Policy 11-12), "principal place of business" is defined as the Proposer's main office (or headquarters) or a major regional office. A "major regional office" is defined as a business location apart from Proposer's main office (or headquarters) which:

- Has been issued a business license, if required, and has been established and open for a minimum of six months prior to the date that the approval authority authorizes the circulation of an RFP/RFQ/Quote for any contract, agreement, or purchase order to which it responds; and
- Can demonstrate on-going business activity in the field of endeavor on which the Proposer is proposing, from that office during the preceding six months; and
- Has a minimum of twenty-five percent (25%) of the Proposer's full time management employees and twenty-five (25%) of its full time regular employees working from the San Bernardino County location(s).

The County's Local Preference Policy means for example, if two Proposers are responding to this RFQ and if quality, service and ability to meet County's needs are equal, County must determine if one of the Proposers is a local Proposer. If one of the Proposers is a local

Proposer, and its quoted price or cost for services, equipment, goods or supplies does not exceed five percent (5%) of the other Proposer's quoted price or cost, unless it is determined that an exemption applies, staff should recommend the local Proposer for the contract award.

- E. Procedural and Award Disputes.** In the event a dispute arises concerning the proposal process prior to award of the contract, the party wishing resolution of the dispute shall submit a request in writing to the Director of Public Works or designee, within ten (10) calendar days of notification of non-selection or recommended selection.

Grounds for protesting non-selection are only that the County failed to follow the selection procedures and adhere to requirements specified in the RFQ or any addenda or amendments; there has been a violation of conflict of interest as provided by California Government Code Section 87100 et seq.; or violation of State or Federal law. Protests will not be accepted on any other grounds. In the event of a protest, a panel designated by the Director of the Department of Public Works, or her designee will handle all protests.

The Director of the Department of Public Works or designee shall consider the request and respond in writing within ten (10) calendar days of receipt of request, or as soon thereafter as such response can be developed, advising of the decision with regard to the protest and the basis for the decision.

All protests must be submitted to:

The Contractor shall forfeit to the County the penalties prescribed in the Labor Code for violations.
15. Equal Employment Opportunity Program. Contractor shall comply with Executive Orders 11246, 11375, 11625, 12138, 12432, 12250, Title VII of the Civil Rights Act of 1964, the California Fair Housing and Employment Act, County Policy and other applicable federal, state and County laws, regulations and policies relating to equal employment and contracting opportunities, including laws and regulations hereafter enacted.
16. Notification Regarding Performance. In the event of a problem or potential problem that could impact the quality or quantity of work, services, or the level of performance under this Agreement, the Contractor shall notify the County immediately by telephone, and in writing within one (1) working day.
17. Conflict of Interest. Proposer shall make all reasonable efforts to ensure that no County officer or employee, whose position in the County enables him/her to influence any award of this contract or any competing offer, shall have any direct or indirect financial interest resulting from the award of this contract or shall have any relationship to the Proposer or officer or employee of the Proposer.
18. Employment of Former County Officials. Contractor must provide information on former County of San Bernardino Administrative officials (as defined below) who are employed by or represent your business. The information provided must include a list of former County Administrative Officials who terminated County employment within the last five years and who are now officers, principals, partners, associates or members of the business (ATTACHMENT D). This information should also include the employment and/or representative capacity and the dates these individuals began employment with or representation of your business. For purposes of this section, "County Administrative Official" is defined as a member of the Board of Supervisors or such member's staff, group head, assistant department or group head, or any employee in the Exempt Group, Management Unit or Safety Management Unit.

Failure to provide this information may result in the response to the request for proposal being deemed non-responsive.

19. Inaccuracies or Misrepresentations. If in the course of the RFQ process or in the administration of a resulting Contract, the County determines that Contractor has made a material misstatement or misrepresentation or that materially inaccurate information has been provided to the County, Contractor may be terminated from the RFQ process or in the event a Agreement has been awarded, the Agreement may be immediately terminated.

In the event of a termination under this provision, the County is entitled to pursue any available legal remedies.

20. Improper Consideration. Proposer shall not offer (either directly or through an intermediary) any improper consideration such as, but not limited to, cash, discounts, service, the provision of travel or entertainment, or any items of value to any officer, employee or agent of the County in an attempt to secure favorable treatment regarding the award of this proposal.

The County, by written notice, may immediately terminate any Contract resulting from this proposal process if it determines that any improper consideration as described in the

preceding paragraph was offered to any officer, employee or agent of the County with respect to the proposal and award process. This prohibition shall apply to any amendment, extension or evaluation process once an Agreement has been awarded.

Proposer shall immediately report any attempt by a County officer, employee or agent to solicit (either directly or through an intermediary) improper consideration from Proposer. The report shall be made to the supervisor or manager charged with supervision of the employee or to the County Administrative Office. In the event of a termination under this provision, the County is entitled to pursue any available legal remedies.

21. Disclosure of Criminal and Civil Proceedings. The County reserves the right to request the information described herein from the Proposer selected for contract award. Failure to provide the information may result in a disqualification from the selection process and no award of contract to the Proposer. The County also reserves the right to obtain the requested information by way of a background check performed by an investigative firm. The selected Proposer also may be requested to provide information to clarify initial responses. Negative information provided or discovered may result in disqualification from the selection process and no award or contract.

The selected Proposer may be asked to disclose whether the firm, or any of its partners, principals, members, associates or key employees (as that term is defined herein), within the last ten years, has been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense arising directly or indirectly from the conduct of the firm's business, or whether the firm, or any of its partners, principals, members, associates or key employees, has within the last ten years been indicted on or had charges brought against it or them (if still pending) or convicted of any crime or offense involving financial misconduct or fraud. If the response is affirmative, the Proposer will be asked to describe any such indictments or charges (and the status thereof), convictions and the surrounding circumstances in detail.

In addition, the selected Proposer may be asked to disclose whether the firm, or any of its partners, principals, members, associates or key employees, within the last ten years, has been the subject of legal proceedings as defined herein arising directly from the provision of services by the firm or those individuals. "Legal proceedings" means any civil actions filed in a court of competent jurisdiction, or any matters filed by an administrative or regulatory body with jurisdiction over the firm or the individuals. If the response is affirmative, the vendor will be asked to describe any such legal proceedings (and the status and disposition thereof) and the surrounding circumstances in detail.

For purposes of this provision, "key employees" includes any individuals providing direct service to the county. "Key employees" do not include clerical personnel providing service at the firm's office or locations.

22. Recycled Paper Products. The County has adopted a recycled product purchasing standards policy (11-10 SP), which requires contractors to use recycled paper for proposals and for any printed or photocopied material created as a result of a contract with the County. The policy also requires Contractors to use both sides of paper sheets for reports submitted to the County whenever practicable.
23. Right to Monitor and Audit. The County, State and Federal government shall have absolute right to monitor the performance of Contractor in the delivery of services provided under this Agreement. Contractor shall give full cooperation, in any auditing or monitoring conducted. Contractor shall cooperate with the County in the implementation, monitoring and evaluation of this agreement and comply with any and all reporting requirements established by the County.

In the event the County determines that Contractor's performance of its duties or other terms of this Agreement are deficient in any manner, County will notify Contractor of such deficiency orally and in writing, or orally, provided written confirmation is given five (5) days thereafter. Contractor shall remedy any deficiency within forty-eight (48) hours of such notification, or County at its option may terminate this Agreement immediately upon written notice, or remedy deficiency and offset the cost thereof from any amounts due the Contractor under this Agreement or otherwise.

24. Availability of Records. All records pertaining to services delivered and all fiscal, statistical and management books and records shall be available for examination and audit by County, Federal and State representatives for a period of three years after final payment under the Agreement or until all pending County, State and Federal audits are completed, whichever is later.

B. Indemnification and Insurance Requirements

1. Indemnification. The Contractor agrees to indemnify, defend and hold harmless the County and its authorized officers, employees, agents and volunteers from any and all claims, actions, losses, damages, and/or liability arising out of this contract from any cause whatsoever, including the acts, errors or omissions of any person and for any costs or expenses incurred by the County on account of any claim except where such indemnification is prohibited by law. This indemnification provision shall apply regardless of the existence or degree of fault of indemnitees. The Contractor's obligation applies to the County's "active" as well as "passive" negligence but does not apply to the County's "sole" negligence or "willful misconduct" within the meaning of the Civil Code Section 2782.
2. Insurance. Contractor agrees to provide insurance set forth in accordance with the requirements herein. If the Contractor uses existing coverage to comply with these requirements and that coverage does not meet the specified requirements, Contractor agrees to amend, supplement or endorse the existing coverage to do so. The type(s) of insurance required is determined by the scope of the contract services. Without in any way affecting the indemnity herein provided and in addition thereto, the Contractor shall secure and maintain throughout the Contract the following types of insurance with limits as shown:

- a) **Workers' Compensation** – A program of Workers' Compensation insurance or a State-approved Self-Insurance Program in an amount and form to meet all applicable requirements of the Labor Code of the State of California, including Employer's Liability with \$250,000 limits, covering all persons, including volunteers, providing services on behalf of the Contractor and all risks to such persons under this Contract.

If Contractor has no employees, it may certify or warrant to County that it does not currently have any employees or individuals who are defined as "employees" under the Labor Code and the requirement for Workers' Compensation coverage will be waived by the County's Director of Risk Management.

With respect to Contractors that are non-profit corporations organized under California or Federal law, volunteers for such entities are required to be covered by Workers' Compensation insurance. If the County's Risk Manager determines that there is no reasonably priced coverage for volunteers, evidence of participation in a volunteer insurance program may be substituted.

- b) **Comprehensive General and Automobile Liability Insurance** – The Contractor shall carry General Liability Insurance covering all operations performed by or on behalf of the Contractor providing coverage for bodily injury and property damage with a

combined single limit of not less than one million dollars (\$1,000,000), per occurrence. The policy coverage shall include:

- Premises operations and mobile equipment.
- Products and completed operations.
- Broad form property damage (including completed operations).
- Explosion, collapse and underground hazards.
- Personal injury.
- Contractual liability.
- \$2,000,000 general aggregate limit.

- c) **Automobile Liability Insurance-** Primary insurance coverage shall be written on ISO Business Auto coverage from all owned, hired, and non-owned automobiles or symbol 1 (any auto). The policy shall have a combined single limit of not less than one million dollars (\$1,000,000) for bodily injury and property damage per occurrence.

If the Contractor is transporting one or more non-employee passengers in performance of contract services, the automobile liability policy shall have a combined single limit of two million dollars (\$2,000,000) for bodily injury and property damage per occurrence.

If the Contractor owns no autos, a non-owned auto endorsement to the General Liability policy described above is acceptable.

- d) **Umbrella Liability Insurance-** An umbrella (over primary) or excess policy may be used to comply with limits or other primary coverage requirements. When used, the umbrella policy shall apply to bodily injury/property damage, personal injury/advertising injury and shall include a "dropdown" provision providing primary coverage for any liability not covered by the primary policy. The coverage shall also apply to automatic liability.
- e) Additional Insured. All policies, except for the Workers' Compensation shall contain additional endorsements naming the County and its officers, employees, agents and volunteers as additional insured with respect to liabilities arising out of the performance of services hereunder. The additional insured endorsements shall not limit the scope of coverage for the County to vicarious liability but shall allow coverage for the County to the full extent provided by the policy. Such additional insured coverage shall be at least as broad as Additional Insured endorsement form ISO, CG 2010.11 85.
- f) Waiver of Subrogation Rights. The Contractor shall require the carriers of the above-required coverage's to waive all rights of subrogation against the County, its officers, employees, agents, volunteers, vendors, and subcontractor. All general liability insurance coverage provided shall not prohibit the Contractor and Contractor's employees or agents from waiving the right of subrogation prior to loss or claim. The Contractor hereby waives all rights of subrogation prior to a loss or claim.
- g) Policies Primary and Non-Contributory. All policies required herein are to be primary and non-contributory with any insurance or self-insurance programs carried or administered by the County.
- h) Severability of Interests. The Contractor agrees to ensure that coverage provided to meet these requirements is applicable separately to each insured and there will be no cross liability exclusions that preclude coverage for suits between the Contractor and the County or between the County and any other insured or additional insured under the policy.

- i) Proof of Coverage. The Contractor shall immediately furnish Certificates of Insurance to the County Department administering the Contract evidencing the insurance coverage, including the endorsements, as required, prior to the commencement of performance of services hereunder, which certificates shall provide that such insurance shall not be terminated or expire without thirty (30) days written notice to the Department. Contractor shall maintain such insurance from the time Contractor commences performance of services hereunder until the completion of such services. Within fifteen (15) days of the commencement of this Contract, the Contractor shall furnish certified copies of the policies and all endorsements.
- j) Acceptability of Insurance Carrier. Unless otherwise approved by Risk Management, insurance shall be written by insurers authorized to do business in the State of California and with a minimum "Best" Insurance Guide rating of "A-VII"
- k) Deductibles and Self-Insured Retention. Any and all deductibles or self-insured retentions in excess of \$10,000 shall be declared to and approved by Risk Management.
- l) Failure to Procure Coverage. In the event that any policy of insurance required under this contract does not comply with the requirements, is not procured, or is canceled and not replaced, the County has the right but not the obligation or duty to cancel the contract or obtain insurance if it deems necessary and any premiums paid by the County will be promptly reimbursed by the Contractor or County payments to the Contractor will be reduced to pay for County purchased insurance.
- m) Insurance Review. Insurance requirements are subject to periodic review by the County. The Director of Risk Management, or designee, is authorized, but not required, to reduce, waive or suspend any insurance requirements whenever Risk Management determines that any of the above insurance is not available, is unreasonably priced, or is not needed to protect the interests of the County. In addition, if the Department of Risk Management determines that heretofore, unreasonably priced or unavailable types of insurance coverage or coverage limits become reasonably priced or available, the Director of Risk Management, or designee, is authorized but not required, to change the above insurance requirements, to require additional types of insurance coverage or higher coverage limits, provided that any such change is reasonable in light of past claims against the County, inflation, or any other item reasonably related to the County's risk.

Any change requiring additional types of insurance coverage or higher coverage limits must be made by amendment to this contract. Contractor agrees to execute any such amendment within thirty (30) days of receipt.

Any failure, actual or alleged, on the part of the County to monitor or enforce compliance with any of the insurance and indemnification requirements will not be deemed as a waiver of any rights on the part of the County.

- 3. Subcontractor Insurance Requirements. The Contractor agrees to require all parties, subcontractors, or others it hires or contracts with related to the performance of this contract to provide insurance covering the contracted operations with the basic requirements for all contracts in B1 and the insurance specifications for all contracts in B2, (including waiver of subrogation rights) and naming the County as an additional insured. The Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided as required here.
